Would like Mark Stevens to look at the CIP book and give council some ideas on which streets he feels need the most attention.

**Open Microphone Guidelines**

Will try moving open mic to the end of the council meeting.

**Council/Citizen Request Forms**

Staff has a form to be used by council and citizens for requesting information. Council members may use this form or can email staff with a cc to Bill Schimmel on their information requested.

**Other**

If there are any changes to the minutes from last council meeting and it is more than just a few words they should give staff something in writing for the changes to be done.

**Future Workshop Retreats**

Council does not feel the need for another retreat at this time

Respectfully submitted,
